

## No-see-um Identification Services Shipping Instructions

How to prepare samples for shipping:

1. Remove lid and tightly affix parafilm over opening

2. Replace cap and seal in bag with as little air as possible

3. Place samples in FedEx Pak with the filled-out shipping label and limited quantity sticker. If you need additional labels or have questions regarding the labels, please contact Alfred Runkel at [runkela@ufl.edu](mailto:runkela@ufl.edu) or at 772-778-7200 ext.162
